NEA JOURNAL

VOLUME XLIX JANUARY-DECEMBER

1960

The JOURNAL serves the entire membership of the National Education Association. It has the largest circulation of any professional journal. Its policy is determined by the resolutions and activities of the Association itself. It aims to give an overall view of education. It emphasizes pioneer undertakings. It seeks to encourage among educators a broader interest in the larger problems of education and life.

Persons binding their copies of the JOURNAL into an annual volume may use this sheet for a title page. The 1960 volume includes nine issues, one for each month except June, July, and August.

Executive officers of the National Education Association are: Clarice Kline, president; William G. Carr, executive secretary; Lyman V. Ginger, treasurer; A. C. Flora, chairman, trustees; Frank W. Hubbard, assistant executive secretary for information services. The JOURNAL is the official organ of the Association—Mildred Sandison Fenner, editor; Walter A. Graves, senior assistant editor; Marion B. Tucker, Paul A. Shinkman, assistant editors; Robert J. Lowe, production manager; Richard E. Carpenter, business manager; J. J. Faber, advertising manager; W. L. Christian, circulation manager.
